

Conditional Admission

Updated Date: June 2020
Approved by: Administrative Council
Responsible Official: AVPSA

Policy Statement

Students who score in an identified range on either the College Placement Test or ACT test are “conditionally admitted” to college-level courses. This program is intended to increase retention and provide a stronger foundation for future academic work. As a participant in the program, the student’s first semester course schedule will include AS103: Support for Academic Success. In this course, students will practice appropriate study skills, meet with an assigned academic coach once every two weeks throughout the semester, and attend required weekly tutoring sessions.

Publication Info

This policy is published on the College website, College Catalog and Student Handbook.
