COLLEGE**
EST. 1949

Green Policy on Campus

Approved Date: 4/3/2020

Reviewed/Revised Date: 4/1/2020

Approved by: Administrative Council

Responsible Officials:

Vice President of Business Affairs

Policy:

Donnelly College wants to ensure that daily actions taken by the college are eco-friendly. To be good stewards of the environment and extend the habitable future of earth for future generations, we must increase our capacity to recognize and understand the climate system. Donnelly College encourages faculty, staff, students, and visitors to reduce their waste, move towards healthy and sustainable eating habits, take personal action on emissions, and fight for better environmental public policies.
